THE WORLD THAT ENSURES GOOD HEALTH CARE AND MEDICAL FACILITIES TO ALL

OUR VISION

No patient should be denied treatment due to financial constraints and everyone has the right to good health and treatment.

OUR MISSION:

To detect, prevent and raise awareness on kidney ailments and to provide quality, affordable treatment to underprivileged people

- TANKER (an acronym for Tamilnad Kidney Research) Foundation is a non-profit registered trust, founded on 30th June 1993 by Dr. Georgi Abraham Prof of Medicine and Consultant Nephrologist and likeminded people to reach out to under-privileged patients with kidney disease.
- TANKER aims to provide health care and financial assistance to those who have kidney problems and do not have the wherewithal to seek medical attention.
- TANKER cares for the underprivileged, who suffer kidney problems of any kind, regardless of caste, creed, sex or religion.
- TANKER along with our goodwill ambassador actor Suriya intends to set up subsidized dialysis units in other parts of Tamil Nadu.
- TANKER with Actor Suriya's help aims to take kidney disease awareness programmes to schools and colleges all over Tamil Nadu.

TANKER UPDATE:

We have completed 21 years of service for the underprivileged with kidney ailments. With your help, we have meaningfully contributed to healthcare, research, training and advocacy connected to kidney disease. From June 1993 till March this year, TANKER has provided 136,462 free and subsidized dialysis for 783 patients. We have also given financial support of Rs. 94.30 Lakhs to 1847 patients as one-time contributions ranging from Rs. 5,000/- to Rs. 50,000/- for transplantation, medication, investigation and fistula surgery costs.

Our four subsidized dialysis units have a total of 35 Dialysis Stations. Our four units are in Kilpauk (Chennai), Ambattur Rotary Hospital (Chennai), TVS Hospital, Chokkikulam (Madurai) and RVS Hospital, Sullur, Coimbatore. We do 1,567 dialyses per month, of which 1,466 are free of cost with valuable help from the Chief Ministers Comprehensive Health Insurance Scheme (CMCHIS) and other donors. At present, we help 180 patients in our units. We also have dialysis facilities at PIMS, Pondicherry and hope to set up units in Tirupur and Salem. In November 2009, we started our HIV Dialysis Unit at Kilpauk providing dialysis to underprivileged HIV patients. This is the first of its kind in India.

Along with helping our patients, spreading the word about kidney disease is equally important to TANKER. We have reached out to more than 1 lakh people with the 576 Awareness Programmes. These programmes are organized at schools, colleges, law enforcement offices and public forums. We have also screened 6,000 individuals for early detection of kidney disease through our 68 screening camps. As the field of research in kidney diseases requires more attention and guidance in India, TANKER also gives awards for research in Nephrology and Service to the tune of Rs. 5 lakhs every year.

RESEARCH & SERVICE AWARDS GIVEN ANNUALLY

Our 21st Annual Charity Awards Nite was held on Friday, 25th January 2014 at Hotel Savera, RK Salai, Chennai. For the past three years TANKER has used this special night as a platform to recognise and appreciate the efforts of professionals working tirelessly to improve the lives of people, especially the underprivileged with Chronic Kidney Disease.

TANKER presents research and service awards every year during Republic day Eve Nite. TANKER Charity Nite, does recognize and honour doctors for their services to people. On January 25th 2014 the following awards were presented.

The K.Venkatanarayana TANKER Foundation Awareness Award

The Krishnan Ang TANKER Foundation Endowment Lecture

Republic Eve nite – TANKER Trustees and Awardees

TANKER BENEFICIARIES

Financial Contributions:

History of some patients supported by TANKER

Dialysis:

Mrs. Manimegalai of 63 years resides at Coimbatore. She is a retired teacher. Her husband is supporting her with limited resources from agriculture income. They have a son and a daughter who are studying.

Mrs. Manimegalai was diagnosed with kidney disease and is suffering for over a year with kidney ailments. She was treated at private hospital in Coimbatore. The cost per dialysis in private hospitals ranges from Rs.1000/- to Rs.2500/- plus consumables. Later on she was referred to TANKER foundations through media advertisement and joined our Coimbatore subsidized dialysis unit on 29th November 2013.

She does not have a donor. She cannot register for a Cadaver Transplant as there are no facilities to register for cadaver transplant in Government hospitals in Coimbatore. She cannot register in a private hospital as the transplant costs are between Rs. 2,50,000 to 3,00,000. Her health has improved greatly after taking regular dialysis in TANKER. She is thankful to TANKER donors for helping her for her dialysis costs.

Medication:

Mr. Thilagaraj aged 8 years resides in Chennai. He is unable to walk since his childhood. His father is a coolie and earns Rs. 5,000/- per month. His mother is a home maker. He has a school going younger sister. He has kidney problem by birth. The doctor advised him to take medication lifelong. His father is unable to purchase medicines and has approached us for financial assistance.

The monthly expenses for his medicine is nearly Rs.10,000/-. As he could not afford to meet his medical expense, he approached TANKER for medication. TANKER could provide the required medicines with the support of our donors.

Transplantation:

Mrs. Janaki aged 30 years resides in Villupuram. She is a home maker. Her husband is a farm labourer and earns Rs. 180/- per day. They have a school going son and a daughter. In 2013 she had symptoms of swollen legs and vomiting and was admitted in a private hospital. Subsequent to the investigations, she was diagnosed with renal failure. She was advised for transplant. She was shifted to Government Stanley hospital,

Chennai. She underwent transplant on 26th February 2014 in Stanley Hospital, Chennai. Her mother was the donor (Age 45). She has approached us for financial assistance for her transplantation. TANKER provided with the required items for surgery. She is thankful to TANKER for the support.

Investigation:

Ms. Kavitha aged 12 years resides in Dharmapuri Dist. Her father and mother are farm labourers and earn Rs. 150/- per day. In 2013, she had symptoms of swollen face and legs. They consulted a doctor in Government Children hospital. The doctor advised her to do the Tacrolimus Level test. Her mother approached us for financial assistance for Tacrolimus Test. TANKER supported her to carry out the lab investigation with the support of TANKER donors.

Fistula Surgery:

Mrs. Lakshmi aged 67 years resides in Chennai. She is a home maker. Since she does not get support by her children she seeks help from her sister family. Mrs. Lakshmi was a known diabetic for over a decade. Since then she is on medication. In 2013 November, she had a symptoms of severe vomiting and after investigation the report indicated that she had renal failure. She was advised for dialysis. She has approached us for financial assistance for her Fistula Surgery.

A fistula needs to be done for a patient to have dialysis. This is where a vein and an artery are joined at the wrist to give proper access for dialysis.

The patient underwent surgical procedure for AV Fistula. TANKER Foundation helped her for the surgery costs. She is extremely thankful to TANKER for helping her for her surgery costs.

EPO Injection

Mr. Arulraj, aged 50 years resides in Chennai. His wife is a home maker. They have two daughters and a son. In 2010 due to a road accident he lost both the legs. Subsequent to the surgery, he started taking pain killers very often. His health also started deteriorating. (Frequent consumption of over-the-counter painkillers and antibiotics without doctor's advice could lead to kidney failure). During the course of investigation, he was diagnosed to be a CKD patient. He is now taking dialysis in M/s. Nichani Health Center, Chennai. The doctor advised him to take EPO injection [4000 k] twice a week. He has approached us for financial assistance for EPO Injection

which was done with help from TANKER donors.

AWARENESS AND PREVENTION PROGRAMME

9th World Kidney Day 2013 - 13.03. 2014

In 2014 The focus of World Kidney Day is on Acute Kidney Injury. "Kidney ages, Just like you"
