

Helping the underprivileged
with kidney ailments...

Annual Report

2011 - 2012

A world that ensures good health care and medical facilities to all

Helping the underprivileged
with kidney ailments...

OUR VISION

No patient should be denied treatment due to financial constraints and everyone has the right to good health and treatment

OUR MISSION

To detect, prevent and raise awareness on kidney ailments and to provide quality, affordable treatment to underprivileged people.

TANKER (an acronym for Tamilnad Kidney Research) Foundation is a non-profit registered trust, founded on 30th June 1993 by Dr Georgi Abraham Prof of Medicine and Consultant Nephrologist and like minded people to reach out to under-privileged patients with kidney disease.

TANKER aims to provide health care and financial assistance to those who have kidney problems and do not have the wherewithal to seek medical attention.

TANKER cares for, the underprivileged, who suffer kidney problems of any kind, regardless of caste, creed, sex or religion.

TANKER along with our goodwill ambassador actor Suriya intends to set up subsidized dialysis units in other parts of Tamil Nadu.

TANKER with Actor Suriya's help aims to take kidney disease awareness programmes to schools and colleges all over Tamil Nadu.

TANKER UPDATE - Upto Mar 2012

In June 2011, Tamilnad Kidney Research Foundation completed 18 years of service towards the underprivileged with kidney ailments. With your help, we have fought the fight against kidney failure with contributions to healthcare, research, training and advocacy connected to the disease.

From when we began till **March** this year, **TANKER** has provided **1,00,103 free and subsidized dialysis** for **723 patients**. We have also provided financial support of up to **Rs. 75.41 Lakhs** to **1351 patients** as one-time contributions ranging from Rs. 5,000/- to Rs. 50,000/- for transplantation, medication, investigation and fistula surgery costs.

We have three subsidized dialysis units with a total of **27 Dialysis Stations**. The first was opened in Kilpauk (Chennai) and the other two are in Ambattur Rotary Hospital (Chennai) and TVS Hospital, Chokkikulam (Madurai). We do **1,616 dialyses** per month, of which **465 are free of cost**. At present, we have **183 patients** in our dialysis facilities. We also provide dialysis facilities at **PIMS, Pondicherry and G. B. Pant Hospital, Port Blair** and hope to set up a similar facility in Coimbatore shortly. In November 2009, we decided to extend our support to HIV patients with kidney disease. Our HIV Dialysis Unit at Kilpauk provides dialysis to underprivileged HIV patients and is the first of its kind in India.

Apart from helping our patients, spreading the word about kidney disease is equally important to TANKER. We have reached out to more than **43,000** people with the **208 Awareness Programmes** we conducted at schools, colleges, law enforcement offices and public forums. We have also screened **2801 individuals** for early detection of kidney disease through our **25 screening camps**. As the field of research about kidney diseases is lacking enthusiasm and guidance in India TANKER also gives awards for research into Nephrology and service to the tune of Rs. 5 lakhs every year.

Helping the underprivileged
with kidney ailments...

RESEARCH & SERVICE AWARDS GIVEN ANNUALLY

TANKER presents research and service awards every year during the time of Republic Eve TANKER Charity Nite, in order to honour doctors for their services to people. On Jan 25th 2012 the following awards were presented.

The Muthoot M. George Memorial TANKER & Kerala Kidney Research Foundation Young Investigator Award for outstanding research done in the field of Nephrology in India was awarded to **Dr. P. V. Lakshmi, M.Sc, Ph.D**, for her

research into "Treatment of Chronic Kidney Disease Patients with a Supplemented Low Protein Diet and Supplemented very Low Protein Diet". The award carried a cash prize of Rs. 2,00,000/-, a citation and a gold medallion.

The Renny Abraham TANKER Foundation Love for Service Award for a medical doctor who has gone beyond the call of duty in serving the underprivileged was awarded to **Dr. V.S.Natarajan, M.D., M.R.C.P. (U.K),**

FRCP(Edin), D.Sc.(Hon), Chennai. He is the father of Geriatric Medicine who has given a lease of life to the aged and needy. The award carried a cash prize of Rs. 1,00,000/-, a citation and a gold medallion.

The La Renon TANKER Foundation For the Sake of Honour Award given to an individual who has done exemplary work in his or her field

was awarded to **Dr. Binayak Sen** who is a renowned public health doctor who has helped tribals in Chhattisgarh. He is also a human rights activist. The award carried a

cash prize of Rs. 1,00,000/-, a citation and a gold medallion. This was generously returned by Dr. Binayak Sen.

The K.Venkatanarayana TANKER Foundation Awareness Award – a new award that has been instituted by the **BALAHA Group of Companies** for creating awareness of any disease, mental, physical and social– **Mrs. Rajalakshmi (of TANKER)** -“Awareness and

Prevention programmes on Kidney Disease” - Till December 2011, she has done **200 awareness programmes** reaching out to **41,327**

people. Of this, **127** programmes were done in Educational Institutions attended by **31,385** students and **73** programmes were done for adults where **9,942** have attended. Further she has conducted **23 screening camps** and screened **2,701** individuals for early detection of kidney disease and **Mrs. Vidya Reddy (of TULIR)-**

“Awareness and Prevention programmes on Child Sexual Abuse”.Ms Vidya Reddy is a social worker who co founded TULIR.Tulir's vision is the

right of every child to be safe all the time from sexual abuse. The five broad areas of activity are Personal Safety Education - a direct prevention initiative with children which includes Online Safety, Healing and Intervention, Resource Development, Advocacy, Training, Research and Networking. The award carried a cash prize of Rs. 50,000/- each, a citation and a gold medallion. This was generously returned by **Mrs. Rajalakshmi.**

Helping the underprivileged
with kidney ailments...

Our Chief Guest Mr. Mike Nithavriyanakis, the British Deputy High Commissioner, Chennai presented the Awards.

This was followed by a dance and mimicry programme performed by **RAJ TV Mimicry Senthil** who is physically challenged. He is an immensely talented

person who has the rare ability of speaking in 350 difference voices. He has staged nearly **6750 programmes and received 95 awards** in about 16 years which is a remarkable feat. He is the host for the Raj T.V. Telecomedy for more than 350 weeks and is a very successful one.

We thank all our well wishers, sponsors and donors especially Mrs. Nina Reddy for hosting the programme and dinner at Hotel Savera.

**THE KRISHNAN-ANG
ENDOWMENT LECTURE**

This year the Krishnan - Ang Endowment Lecture

was delivered by Dr. Binayak Sen, renowned Public Health Doctor and Human Rights Activist. His lecture was on "Equity and the Future of Healthcare in India" during the 19th Annual Charity and Awards Nite held on 25th January 2012 at Hotel Savera.

TANKER BENEFICIARIES

Dialysis Beneficiary Details

Mr. R. Feroz Khan, aged 20 years, resides in Chennai. He completed his 12th standard this year with 76% marks. His father Mr. I. Razik Fareeth is an auto driver earning around Rs.8,000/- per month. His mother takes tuition classes and earns Rs.5,000/- per month. He has one elder brother Mr. R. Amjad Khan who is an engineering student.

He was treated for SLE when he was 13 years old; SLE is an inflammatory, autoimmune disease that affects nearly every part of the body, including the skin, joints, kidneys, heart, lungs, and central nervous system. This could be one of the reasons for his kidney failure, as high strength antibiotic medicines / pain killers were taken for this dreaded disease. (**“Taking over-the-counter painkillers and antibiotics could lead to kidney failure”**). He developed Chronic Kidney Disease in 2009 and thereafter was on dialysis in a Government Hospital. However, he was unable to receive regular dialysis because he did not have a related donor. (**Note: If related donors are not available for transplantation, the Government will not support patients for their dialysis**). Initially his father supported him for dialysis expenses.

The cost per dialysis in private hospitals ranges from Rs. 1,000/- to Rs. 2,500/- plus consumables. Later on, his father could not afford the dialysis

expenses. He was referred to TANKER through his doctor and joined our Kilpauk Subsidized Dialysis Unit on 10th December 2010. He has registered and is waiting for a Cadaver Transplant at Government Hospital. His health has improved greatly after taking regular dialysis. He is thankful to TANKER donors for helping him for his dialysis costs.

Fistula Beneficiary Details

Mr. R. Kuppusamy is 72 years old. He was a clerk in a small private firm. He is currently unemployed due to his illness. His wife does domestic work and earns Rs.3,000 per month. They have a son who is a student. In 2011, he was diagnosed with high blood pressure and was under medication.

In 2012, he had symptoms of vomiting and tiredness. He consulted a doctor in Government Stanley Hospital, Chennai and took some tests. After investigation the report showed he had renal failure. He was advised for dialysis. A fistula needs to be done for a patient to have dialysis. This is where a vein and an artery are joined to give proper access for dialysis.

As he was unable to meet his surgery expenses, he approached us for financial assistance for his Fistula Surgery. TANKER Foundation helped him for the surgery costs. He is extremely thankful to TANKER donors for helping him for his Fistula surgery.

Helping the underprivileged
with kidney ailments...

Investigation Beneficiary Details

Ms. M. Nancy Vimal, who is 19 years, resides in Thiruvallur. Her father is an auto driver and earns Rs.4000/-per month. Her mother is a home maker. She has a younger sister who is school going.

In 2008, she was diagnosed with kidney failure and advised for transplant. She underwent transplant on 26.10.2010 in KMC hospital, Chennai. Her mother was the donor(Age 43). In March 2012, she needed to have some investigations. As she was not able to meet her investigation expenses, she was referred to TANKER for financial assistance. TANKER Foundation helped her for the investigation costs. She is extremely thankful to TANKER donors for helping her.

Transplantation Beneficiary Details

Ms. P. Kanchana, aged 15 years, resides in Chennai. Her father is a coolie and earns Rs.100/- per day. Her mother does domestic work and earns Rs.2500/- per month.

In 2009, she had severe stomach pain and took treatment in KMC. The report showed she had renal failure. She underwent transplantation on 16th February 2012 in KMC Government hospital. Her mother was the donor (Age 36). As she was

not able to meet her transplant surgery materials expense, she approached us for financial assistance. TANKER Foundation helped her for the surgery materials cost. She is extremely thankful to TANKER donors for helping her for her transplantation.

Medication Beneficiary Details

Ms. P. Suganya, aged 19 years was a school student. She was not able to continue her studies due to her illness. Her father works as a coolie in a Garment shop. Her mother is a home maker. She complained of severe dysmenorrhoea during every menstrual cycle. On consulting a doctor, she was diagnosed with renal failure. She underwent transplantation in a private hospital in Salem on 20th October 2011. Her cousin was the donor. All transplant patients are required to take anti rejection medication for the rest of their lives. The monthly expenses for his medicine is nearly Rs.10,000/-. As she could not afford to meet her medical expenses, she approached us for financial assistance. TANKER gave her Rs.5000/- for her medication. She is thankful to TANKER donors for helping her for her medical expenses.

**THE FOUNDATION REGULARLY
ORGANIZES TALKS IN SCHOOLS

Helping the underprivileged
with kidney ailments...

AWARENESS AND PREVENTION

The need of the hour is Awareness and Prevention of Kidney Disease.

With this in mind, Dr.V.Sumantran, Vice Chairman, Ashok Leyland and his wife Mr. Venil Sumantran generously donated a Mobile Unit for our Kidney Disease Awareness and Prevention Programme costing Rs. 6.5 lakhs on the occasion of the 80th birthday of Dr. Sumantran's father Mr. S.G. Venkataramani and Mrs. Girija Venkataramani. The Mobile Unit was inaugurated by Dr. V. Sumantran and Mr. S.G. Venkataramani, on Saturday, 11th February 2012 at 4.30 p.m, at the

Rekha Memorial TANKER Foundation Subsidized Dialysis Unit.

The Government General Hospital and other Govt Hospitals and The Madras Medical Mission kindly agreed to help and partner us in our endeavour in prevention and creating more awareness of this dreaded disease. Together we hope to bring relief to many thousands of people through the mobile awareness and prevention programme of TANKER.

WORLD KIDNEY DAY ACTIVITIES 8th MARCH 2012

1. Distributed know your kidneys leaflets and WKD brochures in Marina Beach from 6.30 a.m to 8.30 a.m
2. Conducted a screening camp for early detection of kidney disease in Popular Motors for staff, family members and others.
3. Distributed "know your kidneys" leaflets in Central Railway Station at 6.00p.m to 8.00 p.m
4. Put up Suriya posters at Ration shops and in Autos and distributed know your kidneys leaflets.
5. Played our Suriya awareness DVD at Central Railway Station at regular intervals throughout the day. Our special thanks to Armour Display Systems Pvt. Ltd., Egmore, Chennai and Southern Railways, Chennai.

Helping the underprivileged

TANKER INAUGURATIONS

We need new machines every year to replace the old ones which have become unusable. A haemodialysis machine's life is 5 to 6 years. On 23 April 2011 Calve Sadasiva Chetty (Madras) Charities donated a New Haemodialysis Machine to TANKER Foundation. The Machine was

inaugurated by Mr. Calve Sambasivam, Managing Trustee of M/s. Calve Sadasiva Chetty (Madras) Charities at Rekha Memorial TANKER Foundation Subsidized Dialysis Unit, No. 766, Poonamalle High Road, Kilpauk, Chennai - 600010.

The Oil and Natural Gas Corporation Limited (ONGC), OBC Employee Welfare Association generously donated a Reverse Osmosis Water Plant costing Rs. 4 lakhs. The Machine was inaugurated by Mr. V. Rangachari, Executive

Director, Basin Manager, KG - PG of ONGC on Monday, 5th September 2011 at the Renny Abraham TANKER Foundation Ambattur Rotary Subsidized Dialysis Unit.

On 03 November 2011 M/s. Thatikonda Vatsala Ramachandra Foundation donated a New Haemodialysis Machine for TANKER Foundation. We are very grateful for this generosity. Dr. A. Rathnasabhapathy spoke about Mrs. Vatsala Ramachandra, the Founder of TVR

Foundation. Mrs. Vatsala bequeathed her entire wealth to a charitable trust created by her in the name of Thatikonda Vatsala Ramachandra Foundation which works for the cause of the underprivileged and downtrodden community.
